

DIGSAU

Technical Director

DIGSAU is an award-winning firm practicing contemporary architecture, urbanism and environmental design. We are recognized for our expertise in providing unique, high-quality, and sustainable design solutions for a diverse client group. Our office operates as an open studio and values design excellence, collaboration, friendliness, and a shared commitment to our colleagues and clients.

We are seeking a Technical Director. The successful applicant will be a self-motivated and creative problem-solver, exhibiting strong management and design skills. Candidates should be fluent in building technology, documentation, and delivery and be passionate about design and architecture.

Primary Job Responsibilities

- Reporting to the Principals, responsible for firmwide delivery of documents with design intent and top-notch technical quality;
- Provide Technical and Quality Control Review of Documentation at multiple times for all projects;
- Develop, Implement and Oversee Firmwide QA/QC program;
- Contribute to and organize standard details, specification standards and documentation preferences;
- Actively support firmwide sustainability goals;
- Provide holistic review of drawings, specifications and construction administration tasks;
- Resolve complex technical and design issues with teams to produce innovative, technical, constructible solutions;
- Coordinate with project teams, client, vendors, contractors, and consultants for a variety of projects;
- Coordinate with BIM initiatives to develop firm libraries for details, systems, and assemblies;
- Contribute to the maintenance and oversight of the project manual and specifications;
- Conduct occasional on-site observations and document site reviews;
- Guide processing of submittals/substitution requests during construction and address RFIs;
- Review and contribute to proposals and contracts with the Principals;
- Contribute to office activities, initiatives and learning programs;
- Participate in professional knowledge sharing through conferences, seminars, and articles; and
- Lead initiatives and activities that strengthen our culture, knowledge base, and capabilities.

Qualifications

- A professional degree in architecture;
- Professional Licensure; LEED AP preferred;
- 10 or more years professional experience;
- Excellent communication and collaboration skills;
- Experience in the preparation of drawing sets;
- Familiarity with Revit;
- Willingness to teach and learn with an ability to thrive in a fast-paced work environment;
- Enthusiasm, passion, and curiosity;
- Working knowledge of building codes, standards and building structures;
- Flexibility to focus on concurrent projects in various stages of development; and
- Ability to maintain client and industry relationships and build new client relationships through successful project delivery

DIGSAU is an Equal Opportunity Employer. Salary is commensurate with experience and skill. It may be necessary to work occasional late nights and weekends.

Interested applicants should send a CV and portfolio as a combined PDF file (no larger than 5MB) to: employment@digitsau.com No phone calls, please.
